( KOLAR GOLD FIELD WATER-SUPPLY )

Sir,

With reference to correspondence ending with your letter No. 1736/L.B. 83-17-18 dated the 27th July 1918 enquiring why the Kolar Gold Field Sanitary Board should not be required to share the financial responsibility in respect of the special establishment proposed for the safe-guarding of the sanitation of certain villages on the Palar and of the water supply of Kolar Gold Field from contamination by these villagers, I have the honour to state that the question was referred to the Sanitary Board, Kolar Gold Field and discussed at the meeting held on the 23rd August 1918. The said Board are of opinion that the proposed charge is not a legitimate one on their Funds and that the water supply Department should bear the entire cost of the special establishment under advertance.
